Ron Crowe

Ron Crowe's curling career and volunteer work with the sport of curling is extensive and spans 5 decades. Starting with the Colchester Firefighter Curling league as an organizer and past president of that league. As a player he played in his first NS Provincial Firefighters curling playdown in 1972. He continued his volunteer work as the Provincial Director for NS Firefighters Curling Association and was responsible for organizing yearly playdowns and attending national championships for 10 years. He was the Truro Curling club president in 1992 and served on the board of the NS curling association for 4 years and the Fundy zone representative. Ron continued his work as the secretary/treasurer of the Canadian Firefighters Curling association for 6 years. Some special recognition he received was he was elected "Life Member" of both the Canadian and Nova Scotia Firefighters Curling Associations. Ron was once again competitive on this ice in the sport of stick curling winning 3 provincial championships and competing at many Maritime and national stick championships. Winning a bronze medal in 2017 at the nationals. Ron worked hard to get the sport of Stick curling active in the province, instrumental in improving the game and getting more curlers into the sport. Ron's career in curling has reached local, county, provincial, Maritimes and national levels and held positions as a volunteer in all aspects. Unfortunately, we lost Ron in 2019 to long battle with cancer and his wish was to continue to promote the game of stick curling and get more people involved and promote the game, a passion he had right up to the end. Thank you, Ron, for your work in the sport of curling.
